### GASTHOF RUDOLF PUMMER ★★

Zlatko Zahovič  
NK Maribor

We love to come back to Moravske Toplice. This year we will also use the chance, and in the week before we will go to Turkey, we will do

the part of our preparations in this pleasant environment. We are excited on the reception that we get, it is taken care for comfortable accommodation but the innovation in heating is that what allows us to train on the natural grass pitch. In the winter time when clubs face all different sort of problems with fulfillment of their work program and finding good training pitches because of the weather, it means a lot to us that we have conditions like this in Moravske Toplice. I believe that we will also work together in the future.

But with this our cooperation doesn't end. We have also find the common language in summer months when we are discussing about friendly matches with g.Marjan Horvat and his team. They have possibility to make contacts with other teams and offer interesting, diverse opponents. We need quality training matches with clubs from other countries. We are very happy that we have Team Sports Camp for partners, for summers and winter pre-season preparations.

Tony Mowbray  
Manager,  
Middlesbrough FC

Slovenia was beautiful setting for the hard work that we wanted to achieve. The facilities and staff at the hotel, the training pitches and the games were all of a very high quality. The game against Hajduk Split will be remembered for a long time. Everything was well organised and Sam and Zoran were always there to assist if problems arose. It was a good change for the lads. I would recommend it to anyone.

- 4 natural turf field (FIFA-sized, 8 min bus)
- Airport Graz / 70 km
- Hospital: 15 min

Paulo Sousa  
Videoton

I took my team to Slovenia for a training camp and stayed in the Livada Hotel. The hotel provided us with an excellent base for the camp and had all the key amenities we needed to fulfil our stay. The hotel staff were extremely helpful and catered to our needs. We had use of all the spa facilities and the chef cooked the meals we had asked for in advance.

Marjan was always on hand to help with anything. He accompanied us to training and games to make sure all ran smoothly. The training pitches were only a short bus ride away and we also had the option to bike there too with the hotel providing bikes. I would not hesitate to recommend Marjan and his football tours and I will definitely be returning.

Zoran Krneta & Sam Stapleton  
Star Management  
Signings, London

Star Management Signings started taking English teams to Slovenia 6 years ago amid some scepticism and lot of questioning from Managers and clubs. We are happy to see organisation of a summer pre-season in Slovenia has grown so much and is now popular, organised and with large number of clubs coming regularly. Marjan and his team are as always helpful, friendly and around to cater to any wishes and requests from managers and players. Slovenia is now a common, well known choice of a pre-season among English clubs and the country they love to visit
